MUFG Donates ¥50 Million to Support Children Affected by COVID-19

Tokyo, March 30, 2021 --- Five MUFG group companies¹ have pledged a total of 50 million yen to support children whose opportunities have been greatly affected due to national measures taken in response to the COVID-19 pandemic.

The beneficiary of the donation is Jibun Mirai Club, an NPO that runs various projects including Global E-workshop² and Project 1³ which provide educational support for children in cooperation with other NPOs within Japan and overseas.

With this donation, MUFG aims to support children experiencing difficulties due to the prolonged crisis and students whose learning opportunities have suffered because of the suspension of international exchange programs and other factors. The Group hopes these funds will provide some aid to the next generation and contribute to the sustainable development of Japanese society.

MUFG will continue to provide further support to those who have been affected by the spread of COVID-19 and those working on the frontlines. The Group will work together with society to overcome the challenges ahead to achieve a sustainable future.
